Re.: Public Records Request – September 16, 2020

Mr. Trautfield,

This Office is in receipt of your California Public Records Act (the Act) follow up request dated September 16, 2020. We previously sent you a letter, dated September 3, 2020 and September 15, 2020, which responded to the three categories you requested. We failed to address another category in your letter. This reply is being generated pursuant to the provisions of the Act. Specifically, you are requesting the following:

1. PC 187(a) charges that also have the special circumstance charges of 190.2(a) and the associated penal code (for example 190.2(a)17A or 190.2(a)14) where that information has been recorded by the DA's office.

Our staff was able to design a query to retrieve the records you are seeking. In addition, we have recently adopted a new electronic records system. To ensure no loss of data, the query was run in both the old and new systems in order to address the time frame you identified.

With regard to the results, you will please take note the attached list. This list contains cases from the list we originally sent to you on September 15, 2020, that also have an initial allegation of PC 190.2 with the added relevant subsection. Thus, where the initial charge was PC 187(a), where the charges were authorized for filing between 1999 and 2020, and additionally there was a special circumstance charge of PC 190.2. These cases were prosecuted by complaint, information or indictment. Note that some of the earlier court numbers only contain the last 8 or 9 characters of the actual court number due to data entry constraints.

In the printout, you will find the court case number; the defendant's name; and the relevant charge. Each identified defendant is on a separate line so the court numbers

will repeat in the circumstance of multi-defendant cases. Further, each allegation statute is on a separate row, so if a defendant has different PC 190.2 allegations, the case will repeat multiple times. Please be aware, however, that these lists only reflect the charges and enhancements recorded in the electronic database at the time of charging. If any charges or enhancements were added to a charging document through subsequent editing without an update to the electronic data, those edits may not be reflected in these queries. Therefore, the data in the list should be verified by cross-checking the records with the court as explained in our last letter.

Should you have any questions or seek further clarification, feel free to contact me at your convenience.

Sincerely,

LISA A. SMITTCAMP
DISTRICT ATTORNEY
