

Dear Mr. Trautfield –

Thank you for your patience in awaiting the records requested. As I indicated in my previous email, our records over the timespan requested are contained on physical cards or put into one of four (4) different databases which have been converted or transferred to the next database we purchased. As a result, some data requested is simply not present. If a cell is blank, it means that we don't have that information in our current case management system.

Below are the cases which match your requested criteria.
